Allysta Pharmaceuticals, Inc. to present at the Ninth Annual Biotech Showcase Conference

Allysta Pharmaceuticals, Inc. (Allysta) today announced that Henry Hsu, M.D., the company's chief executive officer, will present at the ninth annual Biotech Showcase Conference on January 11, 2017, in San Francisco.

About Allysta

Allysta is a private company developing breakthrough therapies with a focus in eye diseases. The company is advancing next-generation treatments for two major areas in ophthalmology: glaucoma and dry eye disease. Allysta's lead candidates are in late preclinical stage supported by compelling science and pharmacology.
